*** This student would have qualified for the Super Session but was not able to attend Sunday's rounds.

A word or several on judge ranks: given the judge pool and participant field, each preliminary session was seen by 3 judges but with each evaluating and ranking no more than 2/3 of the chamber such that each competitor has a total of six ranks and six speaker ballots. Each judge's rank form provided space for eight names; all debaters assigned to be evaluated by a particular judge who were not in the top eight received a rank of "9." If there is a blank for a given judge rank it is because that student was not assigned to be evaluated
